

Call for Participation in the SAT Association

Dear participants of the SAT 2009 conference,
during the last Business Meeting in Guangzhou (SAT 2008) it was decided to
found a non-profit association in order

- to promote the series of SAT conferences
- to select the meeting places and chairpersons for the conferences
- to support the new generation of scientists with regard to SAT
- to promote the research in the field of the satisfiability problem
- to represent the SAT community in other scientific forums

We would like to ask you for your participation. During the reception and
also during the conference, we will provide sign-up forms.

We kindly ask those of you interested to join the association before the
Business Meeting, because we have to elect the Board of the Association.
For your reference we have attached the articles of the SAT Association.

With best regards
Hans Kleine Büning
